IMPORTANT INFORMATION

1. This confirmation applies only to the above design, which has been notified in accordance with the above-named Regulations. WorkCover has not verified that the designer has complied with the design obligations prescribed by the Regulations or the above mentioned technical standards or engineering principles.
2. The plant owner will require this confirmation and therefore a copy of it should be supplied to the manufacturer, so that it can in turn be provided to the supplier and owner with the plant or equipment.
3. The Regulations require the designer to keep and maintain in a suitable state for examination all records required by the Regulations for a period of 10 years.
4. WorkCover reserves the right to audit the notified design at any future time to assess compliance with the above Acts and Regulations. If an audit is undertaken, the notifier or the plant owner or both may be asked to supply detailed information relating to the design of the plant. Design systems of work and documentation may also be audited. If an audit identifies non-compliance with the Acts and Regulations, all plant built to that design may require modifications and, in some cases, may be prohibited from use.
5. This confirmation is automatically invalidated if the design is altered to an extent that requires new measures to control risk. A person must not use, or cause or allow plant manufactured to the altered design to be used at a workplace unless notification of the alteration, on the prescribed form, has been confirmed by the Minister.
6. The above confirmation number should be quoted in all future correspondence to WorkCover regarding this design. Any queries should be addressed to WorkCover's Licensing Branch Telephone (03) 96411391.
